

# STUDENT DRIVER POLICY

Dear Parent/Carer

Throughout Year 11 and 12 students may obtain their Driver's Licence and transport themselves and others to school each day. To ensure student safety there are certain protocols that student drivers must follow as part of Bellbird Park State Secondary College's Student Code of Conduct.

Students who drive to school must return the 'Student Driver Contract' that has been signed by a parent/carer and themselves to Student Services. This contract will then be placed on the student's file in the administration office. Students will also need to supply the school with their car registration details, make and model of the vehicle.

If a student driver is transporting passengers to school, that passenger must return the 'Passenger of a Student Driver Contract' signed by the passenger, the passenger's parent/carer, the student driver and the student driver's parent/carer. The contract must then be returned to Student Services where a copy will be placed on both the student driver's file and the passenger file.

Should student drivers or their passengers breach their driver or passenger contracts consequences will apply to that student as per Bellbird Park State Secondary College's Student Code of Conduct.

Yours sincerely

Michael West  
Principal
